

Legislature Opens, Philipp Launches Fight to Curb Rents

SOCIALIST BALK THREATENS TO SPLIT SPECIAL SESSION

GOVERNOR OPENS MEETING OF LAW MAKERS WITH ADDRESSES.

HITS PROFITEERS

Housing Problem and State Hospital Meet Strong Opposition.

(By Special Correspondent.) Madison, May 25.—The special session of the Wisconsin legislature convened at 2 p. m. this afternoon. No time was lost in organizing, old officers of the regular 1919 legislature being re-elected.

Gov. E. L. Philipp was scheduled to make his message to a joint meeting of the law makers about 4 o'clock.

Urges Rent-Curbing Act
In his message he urged that the legislature take action on the bill necessary for the solution of reconstruction problems, the outcome of the war. A careful and minute discussion was to be made by the legislature of the proposed bill, especially the rent-curbing act, the four year medical course with a state hospital and the tax increase for additional funds.

Attempt to Adjourn
An insurgent movement with the possibility of the session being ended even the bills are brought up in the houses developed yesterday afternoon with the incoming legislators, and socialists, combined to fight the proposed legislation, according to their own statements have let it be known that they may attempt to adjourn the lower house immediately following the delivery of Governor Philipp's address.

Philipp Forces on Dock
That the Philipp forces are determined to fight their legislation through is manifest. The speaker of the assembly, known to be friendly to the administration are scheduled to "be on deck."

Plenty of Sponsors
No intimation has as yet been made as to who will foster the bill. It is believed that the bill will be sufficient to provide men to "go around" and the bills will not lack for fostering agents.

Downward Trend of Prices is Seen in Bank Report
Chicago, May 25.—A general revision downward of prices of all commodities except food, a growing tendency toward lower prices in the labor situation are three encouraging factors in the report of the Seventh Federal Reserve district, issued today.

Rail Situation Disturbing
"Probably the most disturbing element in the entire situation," the statement said, "is the demoralized condition of railroads, transportation being on the verge of a breakdown. The credit supply still is restricted and the demand outstrips any previous total in the history of the world. Last, there is the additional complication of a general revision of prices of all commodities with the trend in most cases downward."

Food Situation High
The continued high price of food is the most important exception, the review states.

Rome, May 24.—Four policemen and one civilian were killed and a number of others injured during a demonstration celebrating the fifth anniversary of Italy's entry into the world war here today. About 300 students gathered in Via Nazionale and a police force of 1,000 men dispersed it when persons believed not to have been students fired several shots, which were returned by the police. Two policemen and nine civilians also were severely wounded.

Birds Sing Grand Opera

Mrs. Tartone and her valuable "Turpie" birds.

Mrs. Tartone, wife of the celebrated artist, recently brought from South America two "Turpie" birds of gorgeous plumage, which she has named "Turpie" and "Turpie". The birds were secured from a cannibal tribe in Columbia, she states, and are able to sing grand opera airs.

PHILIPP ADDRESSES WHITEWATER BABE STATE LEGISLATURE IS BURNED TO DEATH

(By Gazette Correspondent.) Madison, May 25.—Gov. E. L. Philipp's message delivered before the joint meeting of the two houses of the state legislature at the opening of the special session here today is in part as follows:

"I have called you to meet in special session to enact such urgent legislation as I deem necessary to meet emergencies that have arisen out of the war at this juncture. The cost of living and expenditures that are necessary to uphold our educational institutions.

"The situation in our cities with reference to rent has become so acute that some regulation by the state must be established. To make sure the conditions complained of are not oversteered, I have appointed a committee to investigate conditions in Milwaukee, which I believe is the most congested city in our state.

"Their report says: 'The most pernicious evil is the leasing of apartments and releasing them at great profit. The price of rent has been increased as much as 100 per cent above those of May 1, 1919. No intimation has as yet been made as to who will foster the bill. It is believed that the bill will be sufficient to provide men to "go around" and the bills will not lack for fostering agents.

ECONOMY, MORE WORK, LESS LOANS, URGED BY HARDING

FEDERAL RESERVE BOARD POINTS WAY TO LOWER PRICES.

PROVIDE FOR CROP

Liquidation of Credits Now Tied Up in Last Year's Grains Advocated.

(By Associated Press.) Washington, May 25.—Economy in individual expenditures, reduction of non-essential loans by banks, increased production and improved transportation are needed to reduce the cost of living and defate credits, Governor Harding of the federal reserve board declared in a senate resolution of inquiry.

The board is not prepared to defate loans that are essential and non-essential loans, Gov. Harding stated. This, he said, is a problem for local bankers familiar with local needs.

Governor Harding's letter, presented to the senate today by Vice President Marshall, was in response to the resolution of Senator McCormick, republican Illinois, requesting information regarding what steps the board contemplated to make credit and consequent high prices, and what measures were proposed to mobilize credits for movement of the 1920 crop.

"The discount rate advances, Governor Harding said, have checked credit transaction somewhat, but have not been effective in bringing about the reduction in loans desired."

Commercial Loans Increase
"On January 1," he said, "commercial loans have steadily increased."

"The average reserve of federal reserve banks at present is a little over 4 1/2 per cent," he added, "as against 4 1/2 per cent at the beginning of the year and about 5 1/2 per cent 12 months ago."

"The board is convinced," Governor Harding continued, "that if the unsold portions of the crop are sold at a profit, the new crop matures, the liquidation of credits now tied up in carrying the old crop will be a considerable degree, the credit demands in moving the crop of 1920."

Bankers are Cautious
In the effort to reduce non-essential loans, Governor Harding said banks were cautioned against drastic curtailments and advised to seek credit in the market for loans, stimulating essential production.

Regarding congestion of merchandise and traffic, Governor Harding said: "It is true that under existing conditions the volume of credit required in any transaction is much greater than it was a year and a half ago, but it is also true that the resources of the member, and non-member banks would be ample to make the credit available to the country and to a large extent of non-essentials as well if there were a frank recognition of the situation."

To Regulate Volume of Credit
"The board will not hesitate so far as may be necessary to bring to bear all its powers in regulating the volume of credit."

"Much will depend on the restoration of the normal efficiency of railroads and the improvement of transportation facilities can be provided the board sees no occasion for apprehension in connection with the movement of crops now being grown."

Villa Is Again Outlaw

El Paso, May 25.—General Francisco Villa, bidding defiance to the newest Mexican government, again has become an outlaw among his own people. The bandit with a small force of men was reported to have been killed in a battle with federal troops with a price of 100,000 pesos on his head.

WHISKY TRACED TO MILWAUKEE STILLS

Moonshine Which Caused Arrest of Edgerton Youths Made in Cream City.

(By Associated Press.) Milwaukee, May 25.—The source of the whisky which caused the arrest of a group of youths in Milwaukee a week ago today, has been traced by federal officers to two porcelain stills in the residence of Frank Klupka, 1319 Clybourn street.

The Edgerton trio—Arthur Balke, Charles and August Tretter—aided prohibition agents in locating the stills.

The stills are said to be of a type not heretofore taken in Milwaukee. They were found in the home of Klupka, at 1319 Clybourn street. Mrs. Klupka told the officers the stills had been operated by a man who boarded there. No one, she said, had seen him.

The investigation was ordered and carried out by U. S. Atty. Gen. C. F. Wolfe, Madison, after the Toledo, Ohio, men were released Saturday morning on \$1,000 bail.

Carranza Laid to Rest in Cemetery of Poor As Death Mystery Grows
Mexico City, May 25.—In accordance with his oft-repeated request, President Venustiano Carranza, slain on Thursday morning at Tlaxcalantongo, was buried late yesterday in Dolores cemetery, where, in the shadow of Chapultepec, the poorest of the city, the body has been found their last resting place.

As the funeral cortege formed the extraordinary session of congress resumed today at 10 a. m. and continued until 10 p. m. when a new president to be elected Sept. 6 is inaugurated. Adolfo de la Huerta, president-elect, was named after an hour's session.

Thousands View Body
The body of the slain president arrived in Mexico City at 5:30 yesterday morning and was taken to the Dolores cemetery, where it lay in state until the hour of funeral, thousands going to look upon the face of the man who was the last president of the country and whose death occurred under circumstances that wait explanation.

Col. Adolfo Herrera, leader of revolutionaries, was placed in charge of the funeral. He declared Carranza had been struck by rifle bullets, one of which penetrated his breast, and the other his abdomen. Bullets, he said, were fired at Carranza from a distance of 100 yards. He concluded that the president had been assassinated. It is said.

Herrero Claims Suicide
Col. Herrera has offered to come to Mexico City to have the case investigated. He said that Carranza was killed during the fight at Tlaxcalantongo.

None of the prisoners was permitted to attend the funeral of their late officer.

Autopsy Fails to Show Cause of Death
Veracruz, May 25.—Reports of an autopsy performed on the body of Venustiano Carranza at Tlaxcalantongo, failed to agree with the report of the military doctor, who said Carranza had been struck by rifle bullets, one of which penetrated his breast, and the other his abdomen. Bullets, he said, were fired at Carranza from a distance of 100 yards. He concluded that the president had been assassinated. It is said.

Herrero's Message Received
The text of Col. Herrera's message to Mexico City was received here last night. The part relative to the attack on Carranza and the latter's death was omitted.

Zimmerman of the Milwaukee report. Conditions are so near normal there is said to be scarcely any trouble experienced in freight movements in this vicinity.

Helps Break Strike
A. H. Hargraves, trainmaster of the Mineral Point and of the Prairie du Chien divisions, has been in Chicago for the past several weeks aiding in the breaking of the strike of the insurgent switchmen. Conditions have improved to the extent of permitting him to resume his duties here.

New Depot Adds Speed
The new receiving depot has proved a boon to Northwestern business, Agent Hemmens reports. Its practicability is already felt and freight both incoming and outgoing is handled with expediency, much greater than when only the old freight depot was employed alone.

Some Are Discouraged
Railway followers of the art of Isaac Walton are not having much success. For some reason or other the spring the finny species is not finding the same attraction for worms, cheese, and bread dough as in former years.

Dodging the Puddles
A big question in the minds of First and Fifth ward residents is: When will the Five Points be fixed?

The crossing is in bad shape. It's worse than the proverbial rocky road to Dublin. A mudhole intercepts between each track and there are eight of them crossing the ends of Madison and Pleasant streets.

The crossing has been closed for more than a week. Sunday morning after the rain, it was necessary to provide passage over a puddle several inches deep just outside the north walk on Pleasant street at the west end of the tracks. The lowered gauges made impossible the use of the walk.

It is now said to be a year and several weeks since Supt. of Streets Thomas McKune was promised, "a

carload of timbers is on the way and when they arrive, we'll fix the crossings up in fine shape."

KEYWOOD, NEW PLAT,
CONTAINS 135 LOTS

Keywood, a new real estate development near Janesville, has been platted according to papers filed in the office of the register of deeds. It contains 10 blocks for a total of 135 lots. Streets in the section running east and west are Wade Park avenue, Welch avenue, Indiana avenue, and Dupont avenue; north and south, Beloit avenue, and Sage avenue.

The land is situated in the south half of the northwest quarter, section 18, town 2 north, range 13 east, on the Beloit road.

Charles S. Wood, Morton R. Eish and William Keeley, all of this city, are the owners.

A Good Neighbor

Barbara Eaton was plainly upset about something. For it was most unusual for Barbara to scowl.

She had talked a good deal to take over the household and groom who had moved next door. And the cake had been a failure.

"There's no use," she thought hopelessly, "I just can't bake. I've never made a decent cake in my life." With a smothered sigh she ran to the next house.

Mrs. Eaton—your next-door neighbor," she explained cheerfully to the sweet-looking bride. "I just ran over to see if I could do anything to help you. In a few minutes she was chatting away like old friends. As Barbara was about to leave, she said suddenly, "Mrs. Randall, I baked a cake to bring over to you—but it was a failure. I got so discouraged sometimes, for Alan loves home-made cake."

Mrs. Randall interrupted. "But do you use Ryzon?" she asked, "and the Ryzon Baking Book? Wait a minute, I'm going to get mine for you." She returned, thrusting a book and a can of Ryzon into Mrs. Eaton's hands.

"Try these," she said, "following exactly the recipes particularly in regard to level measurements, and you'll never have any more trouble. Let me know how you make out!"

"She's a darling," Barbara confided to Alan later in the evening as he helped himself to his second piece of chocolate cake. "And to think that I could ever make such wonderful cake as this—why, it seems too good to be true."

The new Ryzon Baking Book (original price \$1.00), containing 250 practical recipes, will be mailed postpaid upon receipt of 30 cents in stamps or coin. Or if you will purchase two or more pounds of Ryzon at once from your grocer, sending us his name and address promptly, we will mail you a Ryzon Baking Book free.

VALUABLES SENT
TO DEAD LETTER
OFFICE RETURNED

All letters and other mail matter which for various reasons have found their way to the dead letter department will now be returned to the sender unless it is obvious to the postal authorities that the particular piece has no value. No charge will be made providing the sender's card, or address, is on the piece but in cases where there is none and the mail has been forwarded to the dead letter office it will cost the sender 3-cents to secure its return. Postmaster J. J. Cunningham states.

Driving Ease in a

MAXWELL

is Due to Special Steels

Many who drive a Maxwell prefer it to a larger car.

They like its nimbleness, its quickness in getting under way, its peculiar ability to thread its way through traffic, its rare driving ease. One can drive it farther in a day with less fatigue than many cars much larger.

The reason is clear: its engine pulls no superfluous weight. Not a single unnecessary pound burdens it.

Special steels in a Maxwell

eliminate the useless weight—steels made to Maxwell's own formulae, which equal pound for pound those in any car built.

They have extra strength forged into them, and they provide lightness.

This is one reason why Maxwell has won public favor the world over as indicated by nearly 400,000 now in use. How marked the tendency today is recorded by a production of 100,000 for 1920.

HIGH RENTS START BACK TO LAND MOVE

County's Farm Labor Shortage
No Longer Serious—Many
Go from Janesville.

Reverse in the farm hand situation has come during the past week, according to a statement given out today by R. T. Glasco, Rock county agent. While heretofore the farmers have been begging for labor until

they had become disgusted and had given up the idea of getting any aid this spring, the agent declares that he has practically all vacancies filled with him filled.

Asked for an explanation he stated that most of the men who have come in to his office applying for work on the farms have declared that the high room rents and living costs in Janesville are such that they cannot afford to pay them and would rather go back to the farm. These men are single and mostly experienced. The good spring weather has also something to do with their attitude, says Mr. Glasco, the men are coming to remain in the country during these days. Between 25 and 35 places were filled last week through the county agent's office.

FARM BUREAU MOVE SWEEPS WISCONSIN

Many Counties Already Organized—More Following
—Big Meeting in Waukesha.

Steady campaigning to thoroughly organize the entire state of Wisconsin under the farm bureau federation is going on smoothly, according to George W. Hull, state organizer of the movement, who was in the city yesterday conferring with R. T. Glasco, Rock county agent.

Representatives from all organized counties and some from prospective counties, will hold a meeting and conference at Waukesha, Thursday night to take preliminary steps to organize the State Farm Bureau federation. J. W. Coverdale, secretary of the American Farm Bureau federation, together with L. S. Fisher, George W. Hull, Whitewater; C. E. Culver, Ed. Parker, and R. T. Glasco, Janesville, will be present. The attendance of the Rock county men is significant because this county was the pioneer in the movement in the state.

Last night a meeting was held at

Elkhorn to perfect a temporary organization of a farm bureau for Walworth county. Tonight a preliminary meeting will be held at Juneau for Dodge county. Other meetings will be held at Plymouth, Sheboygan county, Friday, and Port Washington, Ozaukee county, Saturday. Calls have come from Pierce, Marathon and Sawyer counties for representation of the bureau to start organization work.

A 10-Day Tube of Pepsodent

They Have Found the Way to Beautiful Teeth

All Statements Approved by High Dental Authorities

Dental science has found a way to combat film on teeth. It has been tested for years by able authorities in clinical and laboratory tests. Now leading dentists everywhere advise its daily use.

The method is embodied in a dentifrice, called Pepsodent. This week we offer a 10-Day Tube to every home in this city, and we urge every home to get it. Let it prove itself.

Film is What Discolors

You can feel on your teeth a slimy film. It is ever-present, ever-forming. It clings to teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary dentifrice cannot dissolve it. So it accumulates and may do a ceaseless damage.

Most tooth troubles are now traced to that film. And now it is known why brushed teeth still discolor and decay. The reason lies in that clinging film which the old cleaning methods omit.

Cause of Decay

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Thus the film is the teeth's chief enemy.

It Can Be Ended

Dental science has for years sought a

way to end that film, and the way has now been found.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

The way seems simple, but it is not. Pepsin must be activated. The usual method is an acid harmful to the teeth, so pepsin long seemed impossible.

What has been found is a harmless activating method. Now pepsin can be applied twice daily and left between the teeth. And millions of teeth are now being cleaned as they never were before.

Watch the Effects

We ask you to watch the effects. Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare this method with the old. Read the facts about it. Then decide for yourself what is best.

Tartar and Stain

are based on film. This 10-Day Test will show you they are avoidable. And so is tooth decay.

Look in Ten Days

See how white the teeth are—how they glisten. You can see that the film is gone. You will know that teeth can be kept forever whiter and cleaner and safer.

DESCHANEL FEELS FIT, IS KEPT QUIET

French President Suffers Only Slightly After Fall From Train.

[BY ASSOCIATED PRESS.] Paris, May 25.—President Deschanel, who was injured yesterday morning by a fall from a train near Montargis, spent a good night and his physicians issued a bulletin this morning saying his condition was satisfactory as possible, although rest was necessary.

The bulletin added the president was suffering from "superficial wounds in the face and left leg and general prostration."

Mr. Deschanel did not preside at today's cabinet meeting; members of the ministry, however, obeyed his physicians' orders and rest.

After the cabinet session Jules Steeg, the minister of the interior, announced that the president's condition was satisfactory but that the executive would take a long rest at Rambouillet. The date of his departure has not yet been fixed, the secretary said.

Rises Early, Feels Fit
President Deschanel rose at 7 o'clock this morning and ate a hearty breakfast. He insisted that he was sufficiently fit to preside at the cabinet session, but the doctors and cabinet ministers succeeded in persuading him not to attend the meeting.

TWO DIE, 20 HURT AS BULL PLUNGES INTO BOX

[BY ASSOCIATED PRESS.] Madrid, May 25.—During a bull fight at Alcazar, yesterday the bull charged into the private box section beside the ring. In the melee that ensued two persons were killed and 20 others injured.

Woolen Mills to Work on 4 Day per Week Schedule

North Andover, Mass., May 25.—Notices were posted today at the Stevens mills of the M. T. Stevens and Sons company, manufacturers of woolens, announcing a schedule of four days a week. Discontinuance of night work is ordered at the Osborn mills of the same company.

TWO LAND PATENTS, 76 YEARS OLD, SHOW FEW SIGNS OF AGE

Among the papers filed in the office of the register of deeds at the court house yesterday were two letters patent from the United States land office in the forties, when Wisconsin was a territory. Printed on parchment paper, with the ink showing little sign of age, and written in beautiful handwriting, they cover:

The purchase by Alpha Bligh, Rock county, of the southeast quarter of the northwest quarter, section 20, town 1 north, range 12 east, 40 acres, in the town of Beloit, Sept. 10, 1844, during the administration of President John Tyler.

The other is the purchase by Albertus L. Lynde, Rock county, of 40 acres in the northeast quarter of northwest quarter, section 30, town 1 north, range 12 east, Beloit, March 1, 1845, during the administration of President James R. Polk.

FREIGHT CONGESTION IMPROVES SLOWLY

[BY ASSOCIATED PRESS.]

Washington, May 25.—Reports to the interstate commerce commission today from its agents throughout the country showed a continued, but slow improvement in the railway freight congestion situation. Members of the commission expressed belief that the peak of congestion had passed and, in support of this, cited the report of the American Railway association's car service commission which showed a reduction in the number of cars tied up from 255,000 on April 24 to less than 170,000. In the meantime there was no letup in efforts of the government and railway officials to combat the jam and hasten restoration of normal traffic conditions.

Italian Mob Clashes With Police; Three Are Killed

[BY ASSOCIATED PRESS.] Rome, May 25.—Three persons were killed and many wounded in a fight between a mob and police officers at Canosa, province of Apulia, yesterday, according to advices to the Giornale d'Italia. The disorder was the result of a dispute over local affairs. It is said, order has been restored.

OLD DANIELS-FISKE NAVY ROW REVIVED

[BY ASSOCIATED PRESS.]

Washington, May 25.—The old controversy between Secretary Daniels and Rear Admiral Bradley A. Fiske was revived today before the senate committee investigating the navy's conduct of the war. Chairman Hale announced that Admiral Fiske would be called to testify to charges made by Mr. Daniels that the admiral had sought to "Prussianize" the navy.

Mr. Daniels said he had never paid much attention to Admiral Fiske's plan to reorganize the navy department in 1915.

"It bored me to exhaustion," declared Mr. Daniels. "He was a monumental egotist. He thought the German staff system was the best in the world and wrote me about one letter a day urging me to approve his addition to our navy."

Asked what Admiral Fiske's position in the navy was when the reorganization was proposed, Mr. Daniels said he was "aide for operations, or I should say obstacle for operations."

International Pacifists Hold Post-War Congress

[BY ASSOCIATED PRESS.]

Berne, May 25.—Delegates of the International Union of Peace Society are in session at Basle for the first time since 1914, representatives in England, France, the United States, Germany, Austria, Italy, Belgium, Holland and Switzerland being present. The purpose of the meeting is to reorganize the international pacifist movement after the interruption occasioned by the war and to consider the league of nations question. Miss Emily Greene Balch, Wellesley college, is an American delegate.

Loaves of Bread Handed Out to Waiting Spaniards

[BY ASSOCIATED PRESS.]

Madrid, May 25.—Bread became more plentiful in Madrid today and the authorities distributed loaves to many people who for several days past could obtain supplies only by waiting in long lines. The soldier bakers are doing their utmost and many volunteers from municipal offices are helping night and day in the emergency caused by the bakers' strike.

WILSON APPROVES NAVY PROMOTIONS

[BY ASSOCIATED PRESS.]

Washington, May 25.—Approval by the president of naval selection board recommendations that nine officers now holding the temporary rank of rear admiral be promoted to the rank of the permanent rolls was announced today by Secretary Daniels. The officers, all of whom now hold the permanent rank of captain, are Josias S. McKean, Newton A. McCully, Andrew T. Long, Thomas Washington, Guy H. Burrage, Ashby H. Robertson, Samuel S. Robinson, Charles F. Hughes and Henry A. Wiley. The board's recommendations of permanent rank of captain for 22 commanders also were approved.

Women Help Out in W. Virginia Elections

[BY ASSOCIATED PRESS.]

Charleston, W. Va., May 25.—Generally pleasant weather throughout West Virginia today prompted election officials and political leaders to predict a comparatively large vote at the state primaries which is to register presidential preference and place in nomination complete state and county tickets. At Clarksburg many election officers were reported to have refused to serve for the legal rate of \$2 a day and it was necessary to obtain the services of women to act as clerks in a number of polling places.

Martens' Deportation Hearings Are Postponed

[BY ASSOCIATED PRESS.]

Washington, May 25.—Hearings on deportation proceedings against Ludwig C. A. K. Martens, Soviet agent in the United States, scheduled for resumption today, have been postponed until June 8. Delay was granted on request of counsel for Martens for further time in which to examine evidence presented at previous hearings by the government. The government completed its case before recess was taken May 15.

Insane Soldier Kills His Captain in Porto Rico

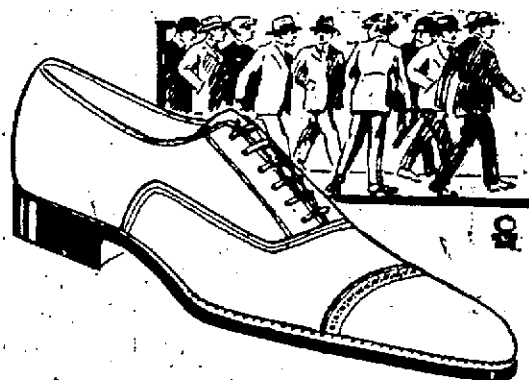

[BY ASSOCIATED PRESS.]

San Juan, Porto Rico, May 25.—Capt. Pedro J. Parra, adjutant of the Porto Rico regiment, was shot and instantly killed by Private Leopoldo Padilla late Wednesday when the soldier became suddenly insane in the barracks. Padilla fired 30 shots, wounding one soldier and killing Captain Parra. Then he committed suicide.

Control of Wheat Approved By Cabinet of French

[BY ASSOCIATED PRESS.]

Paris, May 25.—The text of the proposed law establishing the price of wheat and otherwise exercising control over the wheat supply of the country was approved by the cabinet today. The law would authorize the government to buy all domestic wheat of the 1920 crop as well as all foreign wheat needed to provision the country.

Thursday, Friday and Saturday, May 27, 28 and 29th

During this Demonstration we will give you Neponset at a special price of

79c Square Yard

An opportunity like this comes but seldom and deserves the rigid attention of every intelligent housewife, and when you see these remarkable floor coverings you are sure to say that this sale is Real Good News.

On account of the extreme difficulty in procuring raw materials, indications point to a curtailment of the production of floor coverings next Season. You should take advantage of this opportunity. All floor coverings will be higher.

Remember the name "NEPONSET"

When you buy "Neponset" Floor Covering you are assured of reliability. You can select what appeals to you from a large variety of patterns. You get the greatest durability at the lowest cost. It is the equivalent of the best printed linoleum. It has these advantages over the latter—it lies flat on the floor without tacking; its edges will not curl; it is rot-proof and 100 per cent water-proof. Exceptionally sanitary and odorless. Made in agreeable color designs, especially suitable for bedrooms, kitchens, sewing room, nursery, halls, porch, closets, and bathrooms.
